Some things that I need to sort out.

A new job. I don't mind side stepping over to the same wage into Hitchin but I am shooting for moving up the pay ladder.

Driving. OK I'm twenty-eight years old and I am still do not have a car this is really a problem now.

Saving. Getting the money together to resit my GCSE English, with this qualification I can apply for teacher training.

Moving. I either want to move to Hitchin or London, I have to be closer to the people I love in my life.

Cleaning. I have accumulated way too much crap over the years, it has to go.

Fashion. I need new clothes and shoes it is that simple.

And finally I require a bookshelf for my books.
